"The best way to get rid of a bad law is to enforce it." - General Grant.

THOSE who were insisting that Congress ought to take the Cuban question out of the President's hands will probably conclude from the developments of the past few days that there is no occasion for such action, the President's firm and dignified attitude in the recent DeLome episode being such as to fully warrant the view which his friends have held from the first that he can be relied upon to conduct the entire matter in a manner which will reflect credit upon the Nation and bring about the best results.

THE money received by the farmers of the country for their farm products in the past year will exceed by hundreds of millions of dollars that received in the preceding year. The excess in the value of their exportations alone during the seven months just and, as the exportations are but a small proportion of their total sales, it is evident that their gain in money received for their products during the year will reach into the hundreds of millions of dollars as compared with that received in the preceding year.

PEOPLE who are continually "cussing' the Editor and blaming him for not believing everything he sees and hears, should take a quiet hour and study this from a late sermon by the Rev. Dr. TALMAGE:

"One of the great trials of the newspaper profession is the fact that they are compelled to see more of the shams of the world than any other profession. Through every newspaper office, day by day, go the weaknesses of the world, the vanities that want to be puffed, the revenges that want to be wreaked, all all the dull speakers who want to be thought elequent, all the meanness that wants to get its wares noticed gratis in the tax of the advertising column, all the men who want to be set right who never were right, all the crack-brained philosophers, with story as long as their hair and as gloomy as their finger nails, all the itinerant bores who come to stay five minutes and stop an hour. From the editorial and reportorial rooms all the follies and shams of the world are seen day by day, and the temptation is to believe neither in God, man nor woman. It is no surprise to me that in your profession there are some skeptical men. I only wonder that you believe anything. Unless an editor or a reporter has in his present or in his early home a model of earnest character, or he throw himself upon the upholding grace of God, he may make temporal and eternal shipwreck."

WINS!

We Refer to Our IO Per Cent. Cash Plan.

The wagons and drays standing in front of our place all

week to be loaded with the hottest bargains in the Ohio Valley. Our customers' patience did not become exhausted, even tho' some of them had to wait until dark. But they laughingly joked with one another, comparing notes and invariably arriving at the conclusion that they could afford to wait, considering how much they had saved on their various purchases of the Price Fighter; and, say, "various" aptly described it, for their purchases were varied. One customer bought of us a Farm Wagon, into which was loaded a Double Shovel Plow, two Land Plows, a Rocking Chair, Bedstead and Mattress, and he left rejoicing over the fact that he had just saved \$18 90 on the deal. He also left his order for future delivery for one Disc Harrow, one Hoosier Corn Planter, one Riding Cultivator and

for me, and you shall have it!" Ah, fellow-citizens, that's where our plan wins. Every customer is our friend. Once our customer, always our customer. During our eight years experience as a Price Fighter we have never lost a customer. All we ask is an acquaintance in a business way. We promise you that it will ripen into friendship. The 10 per cent. plan is very fascinating-wins friends and never loses them. Every article that leaves our house is a living advertisement. We are proud of our short record in your midst. All we ask is your co-operation, and we will stay here. Bear in ******** mind that our plan saves you from 40 to 90 per cent., besides guaranteeing you a square deal, for we have no leaders, as we make 10 per cent. on everything that leaves our house. Also bear in mind that success on the 10 per cent. plan requires the sale of an immense quantity of goods. It is to your interest to co-operate with us and send all your friends here, for so long as we stay here one dollar will go as far as two did in our lines before we came here. You who have dealt with us realize this fact. This is purely a mutual affair. We hope to stay here, and it is to your interest to have us stay here. All we ask is a comparison of the prices of Furniture and Farm Imple-

Walk into our house, blindfold your eyes, buy a Chair, Plow or anything, go out and search the world, and if you can duplicate it at the price I charged you while you were blindfolded, bring it back and your money will be refunded and a handsome present made to you. That's our style.

'Tis with pleasure that I subscribe myself the "People's Friend,"

DEMOCRATS who are preparing to speeches delivered during the discussions of the Dingley Bill will do well to revise those features in which they insisted that the bill, if made a law, would reduce our sales abroad, especially to countries which were making protests against it. Here are the the mistakes that want to be corrected, figures showing our sales since the enactment of the Dingley Law to the fourteen countries which protested the editorial columns in order to save against it, with an implied or expressed threat of retaliation by the rejection of our products. It will be seen that in practically every case there has been a large increase in our sales to these very countries which made protests:
